Puzzle

Taking shape in modular lighting design

Florent Coirier

Florent Coirier is a Paris-based designer born in Nantes in 1983. He holds a higher education diploma in product design from ENSAAMA Olivier de Serres and a Master of Design from BIAD – BCU.

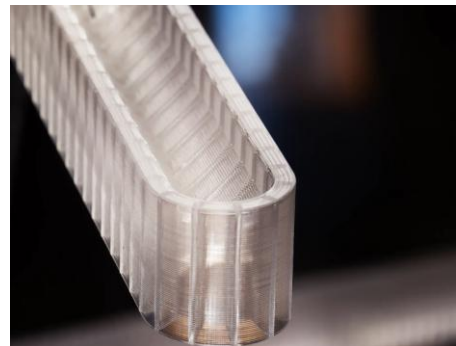

Florent has worked with major design agencies and now freelances for international brands like EMU, Serralunga, and Ligne Roset. He has won the RED DOT AWARD (2019) and GOOD DESIGN AWARD (2018). Florent's designs are practical, functional, and environmentally respectful, developed in close cooperation with manufacturers.

“My design inspiration was the way pieces fit together in a jigsaw puzzle, where individual components integrate seamlessly to form one cohesive whole. The Puzzle range features clear, elegant shapes and a structure composed of square cells, reflecting the interplay of light and structure.”

Product overview

PUZZLE PENDANT

key technical parameters

Shape	Linear
Sizes	4 feet > nominal 4000 lm 5 feet > nominal 5000 lm
Material	Clear transparent 75% recycled PET
Color recipe	940 and 930
Light distribution	Office compliant 90°beam
Control	PSU, DIA, WIA, SIA
Sensor	U4 and U5 sensors (Occupancy sensing, daylight harvest ,task turning on and humidity, sound pressure..)
Efficacy	Up to 157lm/w
Mounting	Pendant

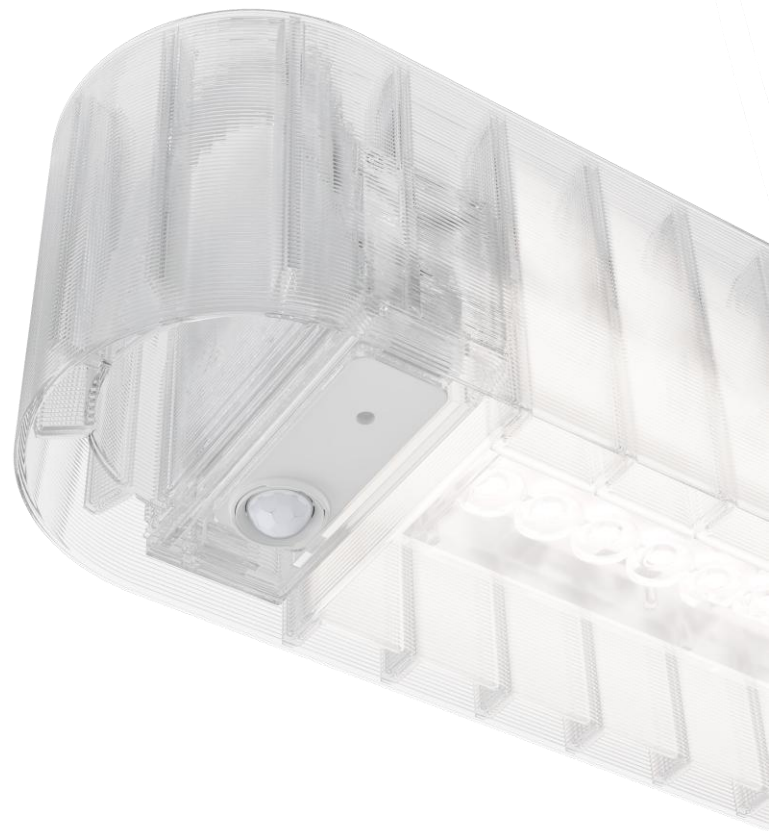

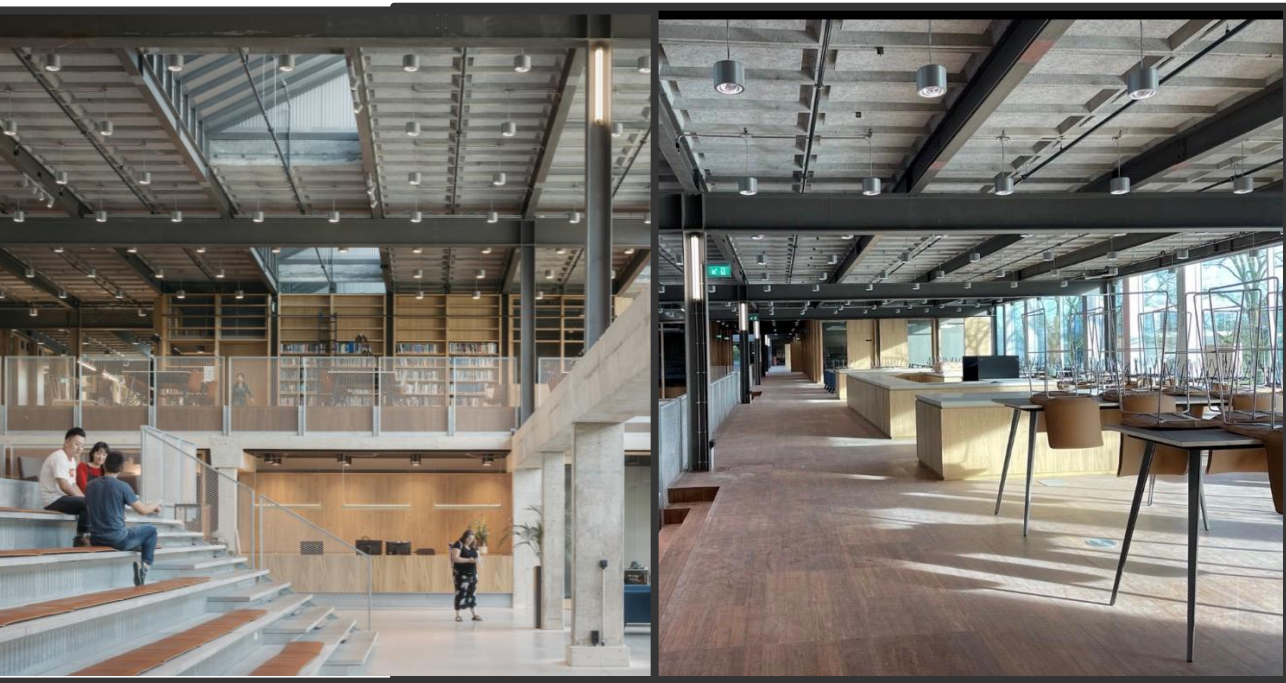

PUZZLE PENDANT

seamless ceiling solution

Integrated sensors

- ✓ Clutter free ceilings
- ✓ Beautifully integrated, the sensor bracket has the same material as the luminaire
- ✓ Save installation time & cost for external sensors
- ✓ No battery powered sensors, no battery replacement

PUZZLE PENDANT CPQ configurator

The screenshot shows the top navigation bar with 'Config — Quote' and 'Quote' text. Below it, a breadcrumb trail shows 'Quotes' and 'Quote (3PCK7)'. The main header area contains '3PCK7 — New Quote' and a 'New' dropdown menu. The main content area features a 'Select customer' section with a search bar containing 'TCPZ00i'. A dropdown menu is open, displaying 'Showing 1 match' and a single result: 'TCPZ00i Pendant Puzzle'. Below the search bar, there is a table with columns for checkboxes, a quantity field (set to 10), a quantity field (set to 1), and a search icon with the text 'Find Product...'. An upward arrow icon is visible on the right side of the dropdown menu.
